Our mid-western seed sources are concentrated along the upper Mississippi River basin (Zone 5) as well as along the Ohio River Valley (Zone 6).

All seedlings are table sorted. Grades including 18-24", 6-12", as well as custom grades, are available upon request.

When calculating the cost of your order, our quantity price breaks refer to your total order quantity, not the quantity of the individual products purchased.

For orders less than 1000 units, use the following calculations:

200-1000 rate = 1000 price x 1.4

Less than 200 rate = 1000 price x 2
